REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Applicants claim, among other things, a grill unit including a plurality of grill pipes, with each grill pipe having two ends, water tanks connected to both ends of the grill pipes to supply water to the grill pipes, and soundproofing covers positioned around both ends of the grill pipes that are inserted into the water tanks.

Grill units including pipes and water tanks are known in the art, as illustrated, for example only, by Hennick (5,189,945). However, the limitation "*soundproofing covers positioned around both ends of the grill pipes that are inserted into the water tanks*" in combination with the remaining limitations of the claims is not anticipated by the prior art, nor has a reference been found that includes the above mentioned limitation with motivation to combine with other prior art references such as, but not limited to, Hennick.

Accordingly, as the prior art of record, taken alone or in combination therewith, does not disclose nor make obvious the combination as claimed by applicants, the claims of the instant application are allowed.

Art Unit: 3749

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
